Located in a strategic position, a few steps away from the historical centre and the Congress Centre, easy to find by car and very well served by any kind of public means, our hotel is the right choice for business customers and for those who want to spend their holidays in the "cradle of the Renaissance". Just beside the Madonna della Tosse Church - built by the Lorena family in 1596 - the Diana Park Hotel was born after a careful restoration of an elegant 19th Century palace. From the hotel you can reach all the most important museums and monuments of Florence and start to discover the best places the town can offer to the visitors.
